

REMARKS

Applicant has reviewed the *Final Office Action* and has the following comments in response thereto:

Regarding Applicant's claim to the benefit of priority to the provisional application, the Examiner is asked to note that the claim was referenced in the original Declaration, filed on May 27, 2001, in response to the *Notice to File Missing Parts*. Applicant has inserted into the text of the specification as the first sentence a reference to the priority provisional patent application. To that end, Applicant also encloses herewith a *Request for a Corrected Filing Receipt* in order to properly identify the priority provisional patent application information.

Applicant respectfully requests that a timely Notice of Allowance be issued in this case.

Applicant does not believe that an extension of time is required at this time for the filing of this Response to Final Office Action. However, if Applicant's assumption is incorrect, you are hereby authorized to deduct the required amount from the deposit account No. 02-0400 (Baker & McKenzie). When referring to such withdrawals from our deposit account, please refer to our Attorney Docket Number **A2A-101**.
